

Pumping Systems

Medium & High Pressure Pumping Units

Pumping Units for Industrial Cleaning, Rinse Arches, Tire Applicators, Wax Arches, Presoak Arches or Multiple Gun Cleaning Stations.

Features: Plunger & Piston Pumps belt driven by **Baldor** Motors. All systems include: • Pump • Motor • Pressure Regulator Valve • V-Belts • Pulleys • Belt Tightener • Pulsation Reducers (*Not on all units*) • Pressure Gauge • Stainless steel belt Guard • Stainless steel or powder coat steel heavy gauge Baseplate • Pre-plumbed • All motors are 208/230/460 Volt, 3 phase. Other flows and pressures available.

Note: Motor starters and electrical panels are available as an option if required.

Medium Pressure Models

Part No.	Pump	GPM	PSI	Motor HP	Wt./Lbs
DU PM820	CAT	10	1000	7-1/2	260
DU PM820-TS	* CAT	10	1000	7-1/2	400
DU PM1520	CAT	15	1000	10	280
DU PM1540E-TS	* CAT	18	1200	15	350
DU PM221000	AR	22	1000	15	350
DU PM221000/TS	* AR	22	1000	15	500
DU PM271000	AR	27	1000	20	400
DU PM3535	CAT	30	1000	20	625
DU PM3535-30	CAT	36	1200	30	750
DU PM371000	AR	37	1000	25	500
IP PM431000	** General	43	1000	25	1000

* Standard with Poly Tank / S.S. Frame. ** Powder-Coated Frame.

High Pressure Models (No Pulsation Dampeners)

Part No.	Pump	GPM	PSI	Motor HP	Wt./Lbs.
DU PM540	AR	4.0	4000	15	350
DU PM570	CAT	4.2	4000	15	350
DU PM550	CAT	4.5	3000	10	290
DU PM70	CAT	4.5	5000	15	350
DU PM75	AR	5.5	4000	15	350
DU PM80	AR	5.5	5100	20	400
DU PM650	CAT	7.0	3000	15	350
DU PM580	AR	7.0	3200	15	350
DU PM590	AR	7.0	4000	20	400
DU PM680	AR	8.0	3500	20	400
DU PM1050-15	CAT	10	2000	15	350
DU PM690	AR	10	3000	20	400
DU PM660	CAT	10	3000	20	400

Stainless Guards & Bases

— Pump Stands & Tanks also available —

Wanner Pump Units

High volume, high pressure pumping units featuring **Wanner** Hydra-Cell Diaphragm Pumps. Ideal for prep units, presoak arches and the rigors of "reclaim water".

Standard Features:

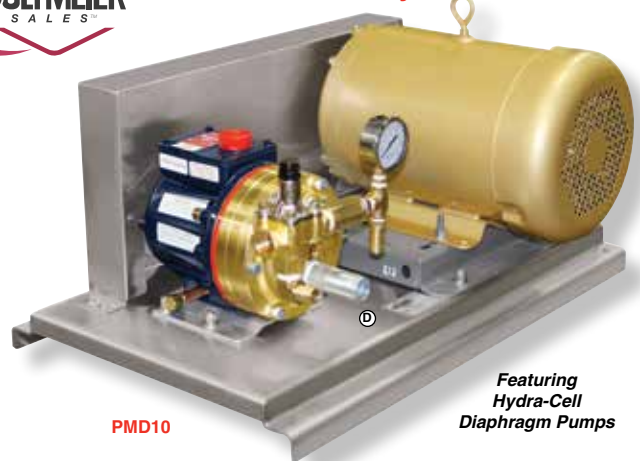

- Hydra-Cell Pump
- TEFC 3-phase Motor
- Heavy-gauge Stainless Baseplate
- Pressure Bypass Valve
- Pulleys and V-Belts
- Stainless Belt Guard
- Belt Tightener
- Pressure Gauge
- Pre-plumbed
- All motors are 208/230/460 Volt, 3 phase. (*Single phase motors available on special request.*)

PMD10-TS Pump System

PMD10

Featuring Hydra-Cell Diaphragm Pumps

Part No.	Max Flow	Max. Pressure	HP	Wt./Lbs.
DU PMD10	8 GPM	1000 PSI	7-1/2	295
DU PMD15	13 GPM	1500 PSI	15	500
DU PMD25	20 GPM	1000 PSI	15	500
DU PMD40	* 36 GPM	800 PSI	20	900
DU PMD10-TS	D10 Pump Unit with Tank & SS Stand			400
DU PMD15-TS	D15 Pump Unit with Tank & SS Stand			650
DU PMD25-TS	H25 Pump Unit with Tank & SS Stand			650
DU PMD40-TS	* H35 Pump Unit with Tank & Painted Stand			1050

* Rated to 1000 PSI with 25 HP Motor.

We Custom Build Pumping Units to 60 GPM Flow Rates and 5000 PSI Pressure Ranges.
