

For many chemicals, acetone, methanol and ethanol solvents. Supplied with a 2" bung adaptor, 8' long hose, hose end nozzle with built-in syphon breaker and two-piece suction tube for 55 gallon drums. The Body and components are glass-filled polyester or Rytan®, Piston rod and springs are stainless. Double acting handle pumps one-half quart on each forward or backward stroke.

**Capacity:** 25 gallons per 200 strokes.  
**Max Liquid Temperature:** 125° F.  
**Max Liquid Viscosity:** 2000 SSU.  
**Port Diameters:** Inlet 1" NPT, Outlet 3/4" MPT. **Weight:** 8 lbs.

**HE4 Polyester Glass Reinforced pump** with Viton® internals and EPDM hose.

**HPV4A Polyester Glass Reinforced pump** with Viton® internals, & cross linked polyethylene hose

**HRV4A Rytan® Glass Reinforced Pump** with Viton® internals, cross linked polyethylene hose and polyester suction tube. **For maximum chemical resistance.**

**Not Recommended for Use With:** Chlorinated hydrocarbons, elastomers, and some fumigants such as Dibrom and Telone II.

Products that use a petroleum based material such as diesel fuel will require pumps with Viton® internals.

RESISTS ATTACK from many chemicals and acids.

Part No.	PACER PISTON PUMPS
PR HE4	Glass-filled Polyester Pump
PR HPV4A	Glass-filled Polyester Pump
PR HRV4A	RYTON® Transfer Pump
PR 3456	Polyethylene Suction Tube (as replacement)
PR 167P	Repair Kit for HE4/HPN

**PACER**

## Hand Transfer Pumps

## Plastic Hand Pumps

**Plastic Hand Pumps** for a variety of chemical transfer applications. An ideal choice for transferring detergents, waxes, acids, solvents and ag chemicals. Designed for 5 gallon pails or 15/30/55 gallon drums as noted. *(Note: Always check pump and chemical compatibility before use).*

### - Pail Pumps -

PSP1

**PSP1** is an inexpensive polyethylene siphon pump. Squeeze pump creates siphon action to drain product from 5 gallon pails. Includes adapters for 3/4" drum fittings, 2" bung fittings, flex spouts and rigid containers. Discharge hose is 22".

**MR50-5** is a compact hand pump that features a polyethylene body and Viton® o-ring. Can be used for detergents and mild chemicals from 5 gallon pails. Includes rigid discharge spout, Inlet tubes and adapters will fit 3/4" drum fittings, 2" bung fittings, flex spouts and rigid containers. Adjustable output from 2,4,6 or 8 ozs. per stroke.

MR50-5

### PAIL PUMPS

Part-No.		Fits Containers
TO PSP1	Pail Pump	5 Gallon
TO MR50-5	Pail Pump	5 Gallon

### - Drum Pumps -

DSP2

**DSP2** is an inexpensive hand pump designed for 55 gallon drums with heavy buttress bung fittings. All polyethylene construction. Discharge tube is 40". Up/down design develops 4 oz. per stroke.

**No. 360 & 365** Drum pumps feature up/down handle design with rigid discharge spout and stainless plunger rod. Both models fit 15, 30 or 55 gallon drums. Rated to 8 ozs. per stroke. Tube length is 37".

360

365

**No. 360** features polypropylene body and "Viton® E" o-ring. Good choice for detergents, anti-freeze and mild chemicals.

**No. 365** features nylon body and Teflon o-ring. Best choice for aggressive chemicals, solvents, mild acids, acetones and windshield fluids.

### DRUM PUMPS

Part-No.		Fits Containers
TO DSP2	Drum Pump	55 Gallon
NS 360	Drum Pump	15, 30/55 Gallon
NS 365	Drum Pump	15, 30/55 Gallon
