Fuel Nozzles

New & Rebuilt, 1 Yr. Limited Warranty

Standard 1A Leader
Full service or self-service, diesel or unleaded models with FloStop

NON-UL

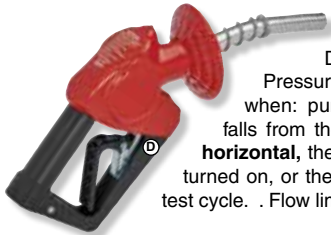

Hi-Speed Diesel Nozzles
Model 1HS to 25 GPM
Model 18 to 75 GPM

NON-UL

- Rugged with full grip nozzle guard and trigger cover to take trucker's rough-handling.
- Has flow-stop with vital parts composed of stainless steel.

Protector XS Nozzle

Designed for unattended fuel service. Pressure shut-off mechanism shuts off nozzle when: pump stops, gas tank is full, nozzle falls from the fill pipe, **spout raises above the horizontal**, the lever is opened before the pump is turned on, or the leak detector has not completed its test cycle. . Flow limited to 10 GPM installed.

UL Listed for Retail Service

Part No.	Nozzles	Style	Guard Color	Inlet	Spout	GPM
HK 1A	* Rebuilt	Diesel	Green	1" FPT	15/16"	25
HK 1AUL	* Rebuilt	Unleaded	Red	1" FPT	13/16"	22
HK 1AUL-04	* Rebuilt	Unleaded	Black	1" FPT	13/16"	15
HK XS	* Rebuilt	Diesel	Green	3/4" FPT	15/16"	18
HK XSUL	Rebuilt	Unleaded	Red	3/4" FPT	13/16"	15
HK XSULB	Rebuilt	Unleaded	Black	3/4" FPT	13/16"	22
HK 1HS	Rebuilt	Diesel, H.D.	Green	1" FPT	1-1/8"	25
HK 18	Rebuilt	Diesel, H.D.	Green	1" FPT	1-3/8"	75

* HK 1A, 1AUL and XS are supplied with splash guard.

Water & Gasoline Indicating Paste

Indicate levels of water or gasoline in storage tanks. Apply a small amount of paste on gauge stick before gauging tank. Color change signifies water or gas is present.

WF25 is a 2.5 oz. jar of water finding paste. For gasoline and diesel fuels. Paste color changes with contact of water.

AP02 is a 2.5 oz. tube of water finding paste. For all petroleum products including Ethanol. Paste color changes with contact of water.

GG25 is a 2.5 oz. jar of gasoline gauging paste. Indicates levels of gas, naphtha, kerosene, crude and refined oils.

Part No.	Size	* Std. Pkg.
CR WF25	Water Finder Paste 2.5 oz Jar	24
CR AP02	Water Finder Paste 2.0 oz Tube	24
CR GG25	Gas Finder Paste 2.5 oz Jar	24

Hose Swivels

Husky Swivel Features: Double swivels at each swivel point. • Castings are of new a high-strength alloy. • Extremely low resistant aerodynamics achieve a near constant velocity with minimum turbulence. • Has a smaller, lighter, and even better flow rate. • Has full 360 degrees rotation on both planes.

Part No.	HOSE SWIVELS
HK 16-1Mx3/4F	1" MPT x 3/4"
HK 16-3/4Mx3/4F	3/4" MPT x 3/4"

Hose Swivels

Husky 0095 & 0087 Swivels are compact for easy handling and compatible with fuels containing alcohol. These swivels are high flow up to 45 GPM. **0095** is 360° single plane and **0087** is 360° multi-plane.

Husky 4860 is for high flow fueling. Flow rate is to 100 GPM. This swivel is 360° double plane.

Part No.	Size	Flow Rate
HK 0087	1" M x 1" F	45 GPM
HK 0095	1" M x 1" F	45 GPM
HK 4860	1" M x 1" F	100 GPM

Free Air & Pay Air Systems

Free Air and **Pay Air Systems** are an ideal way to offer air to your customers from your existing air compressor. Most car washes, convenient stores and gas stations have air compressors on site for a variety of air needs. The **Dultmeier Air Systems** are designed to tap into that air source for customer use. The timer and solenoid protect your compressor from continuous running if a hose is stolen or damaged.

All systems are complete with timer, control panel, air solenoids, 50' of air hose, air chuck, start switch with enclosure and stainless hose hanger. Pre-wired panels are ready for installation. Solenoid must be attached to your compressor on site and wired back to the control panel. Pay system includes stainless steel coin meter that can be activated with coins or tokens, (Credit card version also available).
