

Standard Pumps will Handle E10 & B20 Fuels. Any Mixtures Higher Than This See Conversion Kits

FILL-RITE Super High Flow 115/230-Volt Diesel Pump/Digital Meter FR319VB Diesel Pump

- Standard Features:**
- Super-High-Flow Diesel Pump
 - Compatible up to B20
 - Heavy Duty Grade
 - 27 GPM at the nozzle (automatic)
 - 35 GPM open discharge
 - 115/230-Volt AC
 - Fill-Rite exclusive Ultra-High-Flow automatic nozzle
 - 1" x 18' hose with static wire
 - 900D

Digital Meter, accurate to +/- 1.25% with large display & seven digit resettable totalizer

- Measures in gallons, quarts, pints, ounces, liters & user-defined units

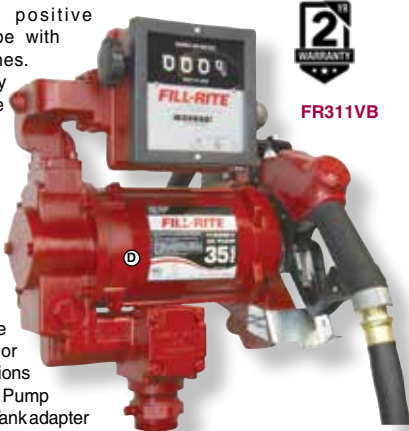

Part No.		Wt.
FR FR319VB	115/230 Volt Diesel Pump with Digital Meter, 1"x18" hose & Automatic Nozzle	78 lbs.

FILL-RITE 115/230VOLT Electric Fuel Pump Units

SERIES 300 MODELS - 30 GPM (35 GPM Open Discharge)
Heavy Duty - Red Gasoline, Diesel, Kerosene, E-15 & B-20

Pumping Units are positive displacement rotary type with eight self-adjusting vanes. Valve, strainer Assembly and By-Pass Valve are equipped with Viton® seats. Meter is of nutating disc type providing accuracy adjustment for field calibration. Registers to 999 gallons in 10ths of a gallon. Nozzle boot provides secure fastening and locking of nozzle when not in use. Pump can be used in skid tank, island or underground tank applications as well as with a pedestal. Pump inlet is 2" MNPT. 2" x 1-1/2" Tank adapter included. Suction Pipe is sold separately.

FR311VB 30 GPM Pump complete with 901 meter, 1" hose, 18' long; ultra high flow automatic nozzle; 115/230 Volt, 11/4.5.7 amps, 60 Hz, 3/4 HP motor, UL listed. 30 minute duty cycle.

Part No.	SERIES 300 ELECTRIC PUMPS	WT.
FR 310VB	30-GPM Pump with Hoses & Auto Nozzle	91 lbs.
FR FR311VB	Same as Above with 901 Meter	91 lbs.
FR 901MK300	Meter Kit with fittings to add meter to Existing Pump	9 lbs.
DU 1-1/4X48	1-1/4" X48" Suction Pipe	8 lbs.

Viton® is a registered trademark of DuPont Performance Elastomers

FILL-RITE Fuel Pump Heavy Duty - Red - 115-Volt - 20 GPM

All meters are of the time-proven nutating disc type. All have wheel-type registers with large easy reading numerals.

FR701 Pump & Meter

FR700 Pump (Less Meter)

- Built-in reliability, easy to maintain.**
- Check valve located on outlet side of pump to reduce pressure drop and improve vertical lift
 - Motor equipped with permanently lubricated bearings for reliability and long life
 - All components designed for easy accessibility and servicing
 - Nozzle boot can hold either a manual or automatic nozzle

Brass Rotor & Carbon Vanes increase reliability.

Specifications

Housing: Cast Iron	Inlet: 1-1/4" FNPT
Outlet: 3/4" FPT	Flow Rate: 20 GPM with manual nozzle.
Pumping Unit: Positive displacement, direct drive, ceramic/carbon rotary seal.	
Valving: Integral check valve with pressure relief By-pass valve.	
Motor: 1/3 HP (115 VAC-60Hz) Explosion proof, UL listed, Sealed Bearings, Heavy-duty on-off switch, Thermal overload protection, Built-in junction box	
Hose/Nozzle: One 12' UL listed hose with manual nozzle.	
Tank Adapter: 2" x 1-1/4" included. 1-1/4" Suction Pipe not included.	

Part No.	
FR FR701	115-Volt Electric FUEL DISPENSING PUMP with Meter and 3/4"x 12' Discharge Hose & Nozzle: less the 1" Suction Pipe. Wt. 55 lbs.
FR FR700	Same as FR701, Except: Less Meter. Wt. 50 lbs.
FR 807CMK	Meter Kit with Fittings to Add Meter
FR 807CN-1	* Meter Kit for Biodiesel (B20 - B100)
FR PA125	Pedestal Kit for FR700 Series Pumps
DU 1-1/4X48	1-1/4" x 48" Steel Suction Pipe

* Use for B21-B100 Biodiesel.

FILL-RITE Model 710 & 711 20 GPM • 115 Volt Fuel Pump

Heavy Duty - Red

FILL-RITE Fuel Pump will provide 20 GPM with an automatic nozzle and 18' of 1" discharge hose (18 GPM with large filter installed). Includes 1" (Model 901) meter, 1" x 18" EPDM discharge hose and 1" automatic nozzle. Also includes 2" x 1-1/4" cast iron tank adapter to fit into 2" FPT openings. 1-1/4" suction pipe is required (sold separately). Requires 115VAC power.

Features:

- Cast Iron Housing
- 2" x 1-1/4" Inlet, 1" Outlet
- Positive Displacement, Direct Drive, Ceramic/Carbon Rotary Seal
- Integral Check Valve with Pressure Relief Bypass Valve
- 1/3 HP, Explosion-Proof, UL Listed
- Sealed Bearings & Heavy Duty On/Off Switch
- Thermal Overload Protection, Built-In Junction Box

711VA

Part No.		WT.
FR 711VA	115 Volt Fuel Pump with Meter, 1"x18" Hose & Automatic Nozzle	61 lbs.
FR 710VN	115 Volt Fuel Pump Unit Only	-
DU 1-1/4X48	1-1/4" x 48" Steel Suction Pipe	-
