Pest Control Operator (PCO) Tanks

These rectangular tanks are commonly referred to as "Pest Control Operator" tanks since they include many desirable features for the pest control operator and other users.

- Use for stationary or transportable (*non-D.O.T. Regulated*) applications: indoors & outdoors.
- Tanks have a rounded bottom for best liquid drainage and optional 2" deep x wide sump.
- Constructed of medium-density polyethylene with U.V. inhibitors: rated to 14 lbs/gal.
- 300 Gallon tanks include an internal baffle for support & liquid control.
- Securely anchor for use in transport applications; use powder coated steel bands shown.
- Translucent white color is standard; gallonage markers included.
- "Notched" recess at top in 4 places so bands hold tank more securely from sliding.

PCO Tanks

Part No.	Description	Dimensions	Lid	Fitting	Wt.
RT PC035	35 Gallon No Sump	16"x35"x21"H	5"	1"	26 lbs.
