

**Air Shammee Air Dryers** are great revenue source for your wash facility. Touchless, handheld vehicle dryers are in many instances the 3rd most profitable function in the bays. High velocity air dryers are designed for wall mount in a bay or into an attic space.

All units include blower motors, air check valve, trigger wand, 13' bay hose and instruction signs. (*Booms are not included as different options are available as shown*). Wall units include a poly/plastic dome in red, yellow or blue. Attic units do not include domes.

**Regular Air Shammee** models feature (3) single phase, 60Hz motors in 110 Volt or 240 volt.

**Super Air Shammee** models feature (1) 5 HP/3 Phase, 60Hz motor rated for 240 or 460 volt and develops up to 10% more power and air flow than single phase models.

**I29B Wall Boom**  
Optional

**1-Phase Motors**

**3-Phase Motors**

**I2900 Bay Unit**  
with Optional **I29B Boom**

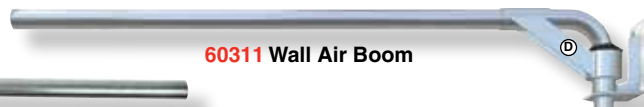

**TR5 Trigger Nozzle**

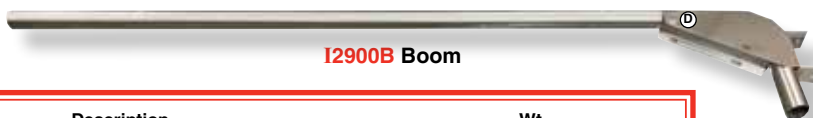

**1FAN Fan Nozzle**  
for Trigger  
(Optional)

**60326 Ceiling "Z" Boom**

**60311 Wall Air Boom**

**I2900B Boom**
