

## GEM® Cap Tank Adapters

SRA700R

SPAN

SPA700RA

**SI SPAN:** Use with SPA700G gasket to adapt DD6 pump to GEM® cap tanks (8-1/4" diameter coarse threads). Add SI SPA700R 2" FPT & 3/4" FPT - for manual recirculation; or SI SPA700RA 2" FPT & 3/4" FPT with one way check valve for auto recirculation when nozzle valve is released, recirculation continues. For use with 2" MPT pumps. Use with KD04200 suction tube.

SI SPA700R	2" FPT & 3/4" FPT Adapter Plate.....
SI SPA700RA	2" FPT & 3/4" FPT Adapter Plate with check valve.....
SI SPA700G	Gasket for SI SPAN.....

## Mini Bulk Tank Adapters / Couplers / Lids

**FITN33** mounts 2" Scienco pumps on Monsanto tanks with internal check valve

Both are part B poly lever couplings by 2" FPT connection.

**F0615** is 2-1/2" male buttress thread x 2" FPT poly open adapter.

**HFA01** converts a DD6 tank opening to 2" FPT opening.

VK PVDV	2" MPT Polypropylene Vent (Low Profile).....
TK TL650S	6" Solid Lid, No Vent *.....

\* Lids Include Gaskets.

## Hose Assemblies for Herbicides

These EPDM Hose Assemblies are first quality replacements for HERBICIDE HOSES. For Sotera & Scienco Pump Units.

### "EPDM" FITTED REPLACEMENT HERBICIDE HOSE ASSEMBLIES

Part No.	Size	Crimped Ends
GD HS2470	3/4" x 12'	3/4" MPT
GD HS9379	1" x 12'	1" MPT

## Telescoping Suction Pipes

Part No.	Description
FR F1855	1" Poly Telescoping Suction Pipe. 23"-41".....
GI 110241-01	Adjustable Suction Pipe.....

## Mix-A-Tote™

### IBC Tote Mixer

The **Mix-A-Tote™ Agitation System** is designed to aid growers, ag retailers, and chemical wholesalers in performing safe, convenient mixing processes in IBC storage containers. This IBC tote mixer remixes settled or separated liquids and suspended solids and can also be used to blend custom mixtures in a tote before transfer to other systems. No brackets or auxiliary attach points are needed – the mixer installs directly through the tote's threaded lid opening. A multi-impeller design creates "up-pumping" agitation, eliminating vortexing and creating an "enveloping effect" for rigorous mixing.

**Fits all standard IBC totes with a 6" lid.**

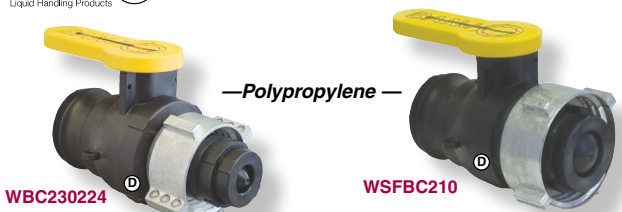

#### Features:

- 1/2 HP single or three phase electric motor
- Conveniently placed toggle control switch
- Easy-to-attach, direct-mount IBC lid adapter
- No brackets required – ergonomic handles for easy transfer between totes
- All 300 series stainless steel metal components
- Proven multi-impeller agitator design
