DU 25TRL14	25 Gallon Trailer Sprayer with 14' Coverage Boom.....

25TRL Trailer Sprayer

60, 110, & 200 Gallon Trailer Sprayers

Boom Sold Separately (See adjacent pages for booms)

These **Versatile Trailer Sprayers** come with compact formed steel frames, yellow poly tanks with 5" top lids, 12V diaphragm pumps (3.5 GPM demand style) or *Hypro* roller pumps direct coupled to engines for higher flow rates (*gear reduction engines on 110, 150 and 200 gallon*). All models come with 25' of 3/8" hose, handgun with adjustable nozzle, suction strainer, gauge and bypass relief valve. **The transport wheel kits include flotation tires with tongue & stand (jack on 200 gallon models); they are also removable to allow conversion to a skid sprayer for pickups and other small vehicles (150 gallon removable and smaller).** **Manual or electric controls available and 7', 10', 15' or 21' booms sold separately - see adjacent pages for options.**
