## BWS Solution Hoses

Non-Marking Poly Cover • Fiber Braid • 250° F. • 3000 PSI

These unique hoses are ideal for Carpet Cleaning Solution Hoses. Blue, transparent, polyurethane covers with polyester braids are non-marking, kink and abrasion-resistant and ultra flexible. Smooth cover will not hang up. Abrasion tests show these hoses will outlast common rubber hoses by up to 5 times. All assemblies come with solid 1/4" or 3/8" MPT stainless fittings and bend restrictors on each end. Available in 1/4" or 3/8" I.D. Rated to 3000 PSI and 250° F.

PA No.	Size	Color	Wt.
FN 30100	1/4" x 25'	Blue	2.5 lbs.
FN 30101	1/4" x 50'	Blue	4.5 lbs.
FN 30207	1/4" x 75'	Blue	6.1 lbs.
FN 30102	1/4" x 100'	Blue	9.0 lbs.
FN 30103	1/4" x 150'	Blue	13 lbs.
FN 30144	1/4" x 200'	Blue	17.5 lbs.
FN 30145	1/4" x 250'	Blue	21 lbs.
FN 30146	1/4" x 300'	Blue	25 lbs.
FN 30210	3/8" x 25'	Blue	3.5 lbs.
FN 30211	3/8" x 50'	Blue	5.0 lbs.
FN 30213	3/8" x 100'	Blue	11 lbs.
FN 30214	3/8" x 150'	Blue	16 lbs.
FN 30215	3/8" x 200'	Blue	21 lbs.

## Solution Hoses for Carpet Extractors

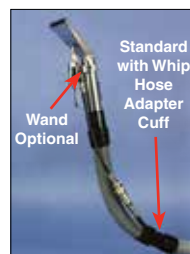

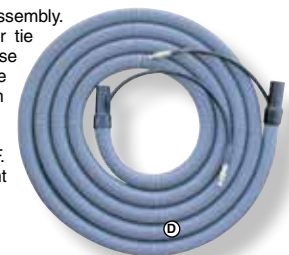

**Low Pressure Hoses** are rated to 212° F. and 300 psi. Flexible blue rubber construction. Brass MPT ends. (20095 - 20325)

**High Pressure Rubber Hoses** are rated to 250° F. and 3000 psi. Blue non mark rubber construction with bend restrictors. Steel MPT ends. (1415 - 14200)

Part No.	Hose Size & Ends	Maximum Temperature	Maximum Pressure
TE 20099	1/4" x 15' Brass Ends	212° F.	300
TE 20310	1/4" x 25' Brass Ends	212° F.	300
TE 20325	1/4" x 50' Brass Ends	212° F.	300
<b>HIGH PRESSURE (BLUE - Non Mark Rubber)</b>			
GA 1415	1/4" x 15' Steel Ends	250° F.	3000
GA 1425	1/4" x 25' Steel Ends	250° F.	3000
GA 1450	1/4" x 50' Steel Ends	250° F.	3000
GA 1475	1/4" x 75' Steel Ends	250° F.	3000
GA 14100	1/4" x 100' Steel Ends	250° F.	3000
GA 14150	1/4" x 150' Steel Ends	250° F.	3000
GA 14200	1/4" x 200' Steel Ends	250° F.	3000

## Vacuum/Solution "Combo-Hoses"

**Vacuum and Solution Hoses** in one unique assembly. This design eliminates the need to tape or tie together your hoses. You also have the ease of rolling out one hose at the job. Since solution hose is in the vacuum hose, solution temperature is better maintained. Available in 1-1/2" or 2" sizes and in variable lengths. Solution hoses are rated to 2750 psi @ 212° F. Fittings are 1/4" MPT both ends. Replacement cuffs also available.

Part No.	Vac Hose Size	Length
TE 2115205	1-1/2"	5'
TE 2115201	1-1/2"	15'
TE 2115200	1-1/2"	25'
TE 2115250	1-1/2"	50'
DC CU1	1-1/2" Combo-Hose Cuff, Solid..	
DC CU4	1-1/2" Combo-Hose Cuff, Swivel	
DC CU2	2" Combo-Hose Cuff, Swivel .....	

*Other lengths available, prices on request.*
