

Reelcraft Hose Reels

Hand Crank / 12 Volt

Reelcraft Hand & Electric Rewind Hose Reels are designed for a wide range of applications such as lawn and turf, pressure washing, pest control, industrial and many more. Available in Hand Crank or with 12-Volt motors. Different styles and pressure ratings for most any hose storage requirement.

All reels feature heavy-duty steel construction with powder-coated finish and lock pins to prevent de-spooling when not in use. Different frame styles can be used for fixed or mobile applications. **Hoses Are Not Included.** All reels are made in the USA.

H Series Pressure Wash Hose Reels

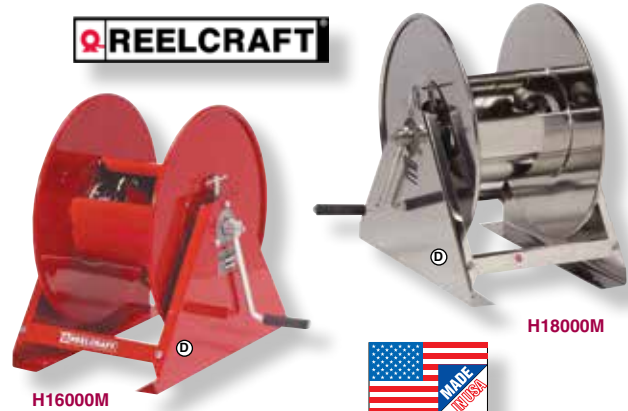

Hand Crank - Economical, Medium Duty

Reelcraft H Series Reels are high pressure hand crank hose reels for pressure wash, car/truck wash, plant wash down and more. Available in powder-coated steel or stainless steel construction. Shipped assembled and ready-to-use. Rated to 210° F. All models are 19" high, 20" deep and 18" wide including the handle. Swivel seals are Aflas.

Part No.	Capacity	Pressure	Construction	Wt.
RF H16000M	3/8" x 300'	3000	Powder-Coat Steel	34 lbs.
RF HS18000M	* 3/8" x 300'	3000	Stainless Steel	36 lbs.
RF HS19000MS	** 1/2" x 200'	3000	Stainless Steel	38 lbs.

** 3/4" Swivel, Capacity is 300' of 3/8", 200' of 1/2" or 75' of 3/4" Hose.
