

Reelcraft Hose Reels

Hand Crank / 12 Volt

Reelcraft Hand & Electric Rewind Hose Reels are designed for a wide range of applications such as lawn and turf, pressure washing, pest control, industrial and many more. Available in Hand Crank or with 12-Volt Motors. Different styles and pressure ratings for most any hose storage requirement.

All reels feature heavy-duty steel construction with powder-coated finish. Different frame styles can be used for fixed or mobile applications. **Hoses Are Not Included.** All reels are made in the USA.

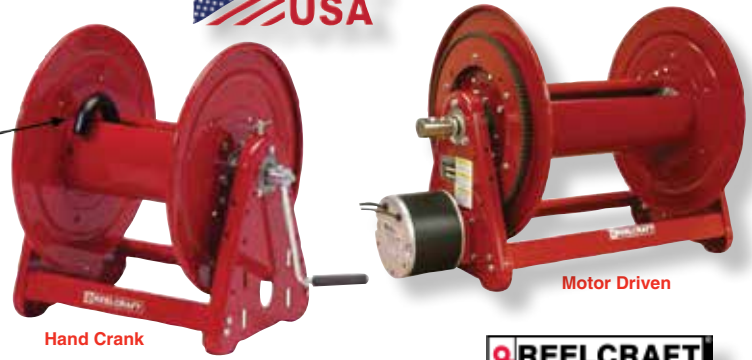

Series 30000 Hose Reels

Series 30000 Hose Reels from *Reelcraft* are available in either Hand Crank or 12Volt rewind. Designed for rugged applications requiring long lengths of hose storage.

Features: Vibration-proof, self-locking fasteners • Heavy-gauge steel frame with all bolted, unitized construction • Full flow swivels with Aflas seals except for CA32112L and CA32118L which are Buna • Rated to 1000 or 3000 PSI as shown • Maximum temperature is 210°F. (*Roller hose guides available*).

Removable Gooseneck
