

## Known for Strength, Rugged Durability & Safety for Pickup Owners

For over 50 years the *DMI Hitch* brand has been known for strength, rugged durability and safety for pickup owners of all industries. The versatile design of the *DMI Hitch* allows owners to transfer the hitch from truck to truck and generation to generation - the transfer of the hitch frame is due to the extreme longevity of these products. *DMI Hitch* meets Class V rating up to 1,800 lb. tongue weight and up to 18,000 lbs. gross weight.

With installation in under an hour - the *DMI Hitch* is a no brainer for the individual looking for greater versatility, ruggedness and enhanced lifespan in their towing equipment. Furthermore, any of the three hitch frame options can be transferred to different makes and models by simply coupling the frame with the specific mounting kit required to meet your new make and model.

Quic'N Easy Hitch Frame (Receiver)
