

Bay Add-On Pay Boxes

Add-On Pay Acceptance Boxes are a great way to add credit card tap acceptance, and/or Digital timers in your bays. Unique design allows for use with existing bay meters without expensive removal of walls or blocks.

Keep your current bay meters in place by mounting these new models to the side with surface mounting to walls. Tamper-proof design includes high security locks. Polished stainless construction for a finished look. Box sides feature holes for wire connections and allow for attachment to existing meter.

Credit card Tap-to-Pay acceptance units require (1) 11CR data coordinator per wash location. Coordinator will work with multiple taps in bays, vacuums, vending machines or auto cashiers.

Existing bay meters must have timers with accumulating feature. Bare meter boxes are also available for use with existing timers, tap to pay scanners.

20CCA-TP

— With Cryptopay Tap —

Add-On Credit Card Meters allow for an easy way to add credit acceptance in your self-serve bays. Allows you to use your existing coin meters. Can be mounted side by side to existing meters or surface mounted to walls. Compact stainless box is 5-1/2" H x 3-1/4" W x 3-1/4" D. Tamper-proof torx drive fasteners and tubular screw lock are included.

Note: Existing bay timers must have accumulating feature.
