

Heating solutions for Pails, Drums, IBC Tote Tanks and more. Keeps liquid products warm in cold climates. Insulated and Rugged Vinyl heater pads wrap tightly around tanks and drums for a snug fit with uniform heat distribution. Protects your fluids as well as improving viscosity and flow with safe, equally distributed heat.

Standard PowerBlanket

Standard PowerBlanket heaters are designed to fully wrap containers of any size. Rated to -20° F. Available with adjustable, programmable thermostats or with Internal Presets to the temperatures shown.

(PowerBlanket Extreme heaters are rated to -40° F if needed, call for pricing).

Drums/Pails

Part No.	Container Size	Thermostat	Watts/Amps	Wt
PE BH05RR	5 Gallon Pail	Preset, 100° F	120w, 1.00 amp	4 lbs.
PE BH05PRO	5 Gallon Pail	Adj to 145° F	160w, 1.33 amp	6 lbs.
PE BH30RR	30 Gallon Drum	Preset, 100° F	560w, 4.67 amp	9 lbs.
PE BH30PRO	30 Gallon Drum	Adj to 145° F	720w, 6.00 amp	11 lbs.
PE BH55RR	55 Gallon Drum	Preset, 100° F	800w, 6.67 amp	11 lbs.
PE BH55PRO	55 Gallon Drum	Adj to 145° F	800w, 6.67 amp	13 lbs.

IBC Tote Tanks

Part No.	Container Size	Thermostat	Watts/Amps	Wt
PE TH250	250 Gallon Tote	Adj to 145° F	1033w, 8.6 amp	39 lbs.
PE TH275	275 Gallon Tote	Adj to 145° F	1440w, 12 amp	41 lbs.
PE TH275D	*275 Gallon Tote	Adj to 70° F	1440w, 12 amp	100 lbs.
PE TH330	330 Gallon Tote	Adj to 145° F	1440w, 12 amp	45 lbs.

* Designed for DEF diesel exhaust fluids

- Portable and easy to use
- Wind and water resistant
- Certified to UL and CSA standards
- Works on both poly and steel containers
- Insulated, full fit design
- 120 volt with 15 amp power cords
- Made in USA
- Uniform heating means no hot or cold spots
- LP cylinder heaters and ground thaw blankets also available, call for pricing

Drum & Pail Blankets

IBC Tote Blankets

Adjustable Temp Controller

PowerBlanket Lite

PowerBlanket Lite heaters are designed for smaller scale heating jobs. Lower power density than standard heaters above. These models do not completely wrap pails and drums but multiple blankets can be used for complete wrap if required.

Drums/Pails

Part No.	Container Size	Thermostat	Watts/Amps	Wt
PE PBL05	5 Gallon Pail	Preset, 145° F	120w, 1 amp	2 lbs.
PE PBL15	15 Gallon Drum	Preset, 145° F	180w, 1.5 amp	3 lbs.
PE PBL30	30 Gallon Drum	Preset, 145° F	280w, 2.33 amp	4 lbs.
PE PBL55F	55 Gallon Drum	Preset, 145° F	400w, 3.33 amp	10 lbs.
