

Polyethylene Double Wall Oil Tanks

These Snyder Industries tanks are designed specifically for used oil storage. The recyclable polyethylene product consists of an internal black primary storage tank with a secondary safety, yellow containment tank. The words "Used Oil Only" are stenciled on the exterior of the outer tank. Sight Gauge ships *inside* the tank.

- Hinged, lockable manway
- 1" Deep Strainer Basket inside manway
- 2" Bulkhead Fitting on Top (Gauge Installation Point)
- 1.5" Internal Draw Tube Assembly with 2" External Male Camlock Connection
- Complies with EPA standards for waste oil (CFR 40-279.22)
- Vented Design
